The HR Manager,
Google Inc.

Subject: **Application for IT Support Internship**

Dear sir,

I am writing to express my interest in the IT Support Internship position at Google Inc. As a dedicated student pursuing a Bachelor's degree in Computer System Technology at the University of Engineering, Peshawar, with a CGPA of 3.87, I am eager to apply my technical expertise and problem-solving abilities within a dynamic and innovative environment such as Google.

My passion for networking and software development started when I first explored computer systems and realized their potential to solve real-world problems. I want to pursue a career in technology because I am fascinated by digital solutions and their impact on the future.

I have been part of various academic and personal projects, which allowed me to apply theoretical knowledge in practical scenarios, enhancing my analytical and programming skills. My certifications in Python, Networking, and Operating Systems from Coursera reflect my commitment to continuous learning and adaptability to evolving tech trends.

Continuous growth and innovation resonate with me because I believe in staying at the forefront of technological advancements. What distinguishes me from my peers is my solid academic foundation combined with hands-on programming experience and a drive for constant improvement.

I believe I would be a good fit for Google because of my strong background in networking, operating systems, and programming, along with my commitment to continuous learning. I would love to join Google's innovative team to contribute to impactful projects while advancing my professional growth.

Thank you for considering my application. I am available for an interview and can be reached at kpkanwarsajjad@gmail.com or +923125432079
